WENZHOU DERLICHN ELECTRIC CO., LTD.

Safe & Reliable

Customized electrical solutions for your projects

Why Choose us?

Are you navigating through electrical challenges?

Are you seeking products that truly adhere to global standards, and yearning for tailored solutions?

DERLICH IS THE ANSWER

We are a leading manufacturer and supplier of high quality electrical products, and we are your trusted and reliable electrical partner.

We have a specialized technical team with rich industry experience and excellent customization capabilities.

We can design and produce electrical products that meets the needs of all kinds of complex projects according to customers' specific requirements, ensuring efficient and reliable operation.

Choosing us is not only a choice of high quality products, but also a choice of professional technical services, flexible customized solutions and long-term partnerships.

Over 15 years

Founded in 2010, Derlich Electric specializes in electrical product manufacturing and R&D for over 15 years, delivering safe, customized solutions to global clients.

500+ partners

We collaborate with 500+ global partners, fostering trust-driven relationships to innovate and deliver cutting-edge electrical solutions across industries.

More than 40 products

Our portfolio spans 40+ precision-engineered electrical products, from final distribution products to power distribution, all meeting stringent safety and market demands.

10+ technical engineers

A team of 10+ technical engineers drives innovation, refining designs and providing expert support to optimize product performance.
